 RECIPES FOR KELLER'S DAY.

June 8, 1938.

MAGGI'S PEA AND SAGO SOUP:

Dissolve two tablets of Maggi's Pea and Sago soup in 6 cups of hot water. Cook over spare flame for thirty minutes until thick and smooth. Add 1 cup hot PET MILK just before serving. Nutritious and filling for rainy weather luncheons.

MAGGI'S RAGOUE OF FRESH TONGUE:

1 medium sized fresh beef tongue
 $\frac{1}{2}$ cup DURKEE'S GARLIC SALT
 2 cups broth of tongue
 2 or 3 carrots sliced
 6 tablespoons DURKEE'S OIL
 1 tbs Fontaine's mushroom sauce

1 onion DURKEE'S BAY LEAF
 2 cubes MAGGI'S BOUILLON
 $\frac{1}{2}$ cup DURKEE'S BLACK PEPPER
 1 tbs green peas
 1 tbs MAGGI'S SEASONING
 8 more onions

Place the tongue after it is washed in a pot with hot water and bring to a quiet boil for two minutes. Scrape off the thick outer skin until the tongue is clean. Now cover with fresh water, add 1 tablespoon of the oil, and one onion, the bit of bay leaf, salt and pepper and boil until tender. Begin with full flame under a covered pot, then reduce the heat so that the water is boiling. When tongue can be easily pierced with a fork, remove from the broth and save two cups of that broth to make the sauce. Now make the ragout: Into a Federal enameled saucepan, put two tablespoons of Durkee's oil and cook the 2 onions sliced thin until golden brown. Add the mushroom sauce slowly and blend well. Now dissolve the bouillon cubes in the hot broth and add to the onions and mushroom sauce. Cut up the tongue into meat dice and add to sauce. Cook on spare gas flame after adding the Maggi's seasoning and salt and pepper to taste for at least one hour to reduce the gravy. Add green peas ten minutes before serving. Hot mashed potatoes are nice with this ragout or serve in the ring as shown in lesson.

CALUMET GRAHAM FLOUR COOKIES:

1 cup brown sugar
 1-1/2 cups SPEEBY'S GRAHAM FLOUR
 1 tsp CALUMET BAKING POWDER
 $\frac{1}{2}$ tsp salt

 $\frac{1}{2}$ cup molasses
 1-1/2 cups COLD MEDAL FLOUR
 $\frac{1}{2}$ cup baking soda
 1 tsp WATSONAL VANILLA
 3 eggs

Cream the butter with the sugar. Add the eggs well beaten, then the molasses alternately with the dry ingredients. Add the raisins and the flavoring. Drop by teaspoon on greased and floured baking sheet and bake at 375 degrees in gas oven for 20 minutes. Fine for children school lunches.

DURKEE'S CHOCOLATE KOOKEASY TAPIOCA SOUFFLE:

2-1/2 squares unsweetened chocolate
 4 tablespoons ROYAL BUTTER
 1/2 cup SUCHAR REFINED SUGAR
 8 egg whites beaten stiffly

2 tablespoons DURKEE'S
 KOOKEASY TAPIOCA
 3 large egg yolks
 1 cup PET MILK

Scald the milk, add the chocolate, cut in pieces, then the tapioca and cook in double boiler 15 minutes or until tapioca is clear, stirring frequently. Add the butter and remove from the gas stove. Beat the egg yolks until thick and lemon colored, and add the sugar to them while beating. Add the tapioca mixture slowly stirring well. Cool and then fold in the stiffly beaten egg whites. Turn into buttered red baking asparagus and bake at 350 degrees until firm. Takes about an hour to bake.

CALUMET CRUMB CAKE: VANILLA SAUCE:

1 cup fine sifted dried bread crumbs
 pinch of salt
 3 eggs

1 tsp CALUMET BAKING POWDER
 1 tsp WATSONAL VANILLA FLAVORING
 1 cup SUCHAR REFINED WHITE SUGAR

For sauce: 1 tablespoon ROYAL BUTTER
 $\frac{1}{2}$ cup corn starch
 $\frac{1}{4}$ cup SUCHAR REFINED WHITE SUGAR
 1 tsp WATSONAL VANILLA FLAVORING

2 cups boiling water
 or PET MILK DILUTED
 1 tablespoon rum

Melt the butter, add the cornstarch mixed with the sugar and the boiling milk or water. Boil until smooth and thoroughly cooked. Add flavoring, strain and serve hot in a separate bowl with the baked crumb cake.

Separate the eggs. Beat up the yolks until thick and lemon colored, then beat up the whites until stiff and add the sugar gradually. Combine the yolks and whites and then fold in the crumbs which have been sifted with the baking powder and salt. Add flavoring and baked in greased and floured tube pan for 30 minutes. Sauce may be poured on cake if so desired. Where rum is used for flavoring this is necessary.

1/2 cup ROYAL BUTTER

1 tsp salt
1/2 cup diluted PET MILK
3 eggs

Sift the flour with the baking powder and the salt, then cut in the butter with two knives or pastry blender. Add cold milk which has been mixed with slightly beaten eggs. Form a soft dough and place in Electrolux to chill while preparing the meat filling as follows:

MEAT FILLING:

1-1/2 cups ground meat	1 tsp MAGGI'S SEASONING
1 tablespoon parsley chopped	2 onions
1 maggi's bouillon cube dissolved in one cup hot water for broth	1/2 cup DURKEE'S SALAD OIL
1/2 tsp DURKEE'S GARLIC SALT	DURKEE'S PEPPER and salt

Grind the onions and fry until golden brown in the hot oil in covered saucepan. Add the ground meat, about 1/2 kilo of beef and saute and turn about until browned. Add the salt pepper and Maggi's seasoning, also the garlic salt. Add the Maggi's bouillon and cook until meat has a rich gravy. Add 1 tablespoon flour to meat while cooking to bind the mixture. When done, cool slightly and proceed to make the roll. Sprinkle flour on pastry board and roll out the chilled pastry 1/4 inch in thickness. Spread the meat mixture as shown in lesson, roll out neatly with spatula and close the ends to keep in filling. Brush top with a little of the egg and milk mixture and bake at 400° degrees F. for 35 minutes. Serve whole at the table then cut in slices. The filling may be made at one time, then baked just in time for lunch.

MAGGI'S WINDSOR SOUP:

2 tablets MAGGI'S WINDSOR SOUP 1 tsp chopped parsley 6 cups hot water

Crush the tablets into a small bowl, then add a little warm water to form a smooth paste. Add to boiling water and cook for half an hour until thick. Ten minutes before serving, add the parsley which should be chopped into a paste. Serve hot in soup plates accompanied by thin dry toast.

Bake on lightly greased flat griddle on gas flame. One kitchen mixing spoon makes a nice sized pan cake. Bake until bubbles appear, then turn over only once. Serve with honey or SUCHAR SYRUP made by cooking 2 cups SUCHAR WHITE REFINED SUGAR with one cup hot water until thick syrup stage is reached. Add one teaspoon WATSONAL VANILLA and store in glass jar in the Electrolux for future use. Three pancakes with ROYAL BUTTER IN BETWEEN MAKE ONE GOOD SERVING.

1/2 tsp salt
1/4 tsp DURKEE'S NUTMEG
1/4 tsp WATSONAL VANILLA
1/2 cup ROYAL BUTTER

 1 cup NESTLE FULL CREAM POWDERED MILK

6 cups hot water

Crumble the soup tablets into a small bowl, then stir into a paste with a little water. Heat the rest of the water and dissolve the NESTLE POWDERED MILK into it, beating vigorously with an egg beater. Heat the prepared milk and cook the soup paste in the milk, on spare gas flame for 20 minutes. Children thrive on this easily made, nutritious soup.

MAGGI'S MOCK BUCK:

4 pork tenderloins

1 lblo laces of beef or round steak

1 cup stale bread

3 raw eggs

1 large onion salt to taste

DURKEE'S WHITE PEPPER

Lay one tenderloin on the board, put the filling on, shape and cover with the other as shown in lesson, either sewing neatly or tie up with white string. Roll in flour which has been seasoned with the garlic salt, salt and pepper, and fry the "Ducks" in the hot DURKEE'S OIL. Turn over to brown nicely, then lower the gas flame, and add the MAGGI'S bouillon cubes dissolved in the hot water gradually as the gravy evaporates. SPECIAL CARAMEL SYRUP is made by cooking two cups of white sugar in an iron frying pan without any water on SPARE GAS FLAME, stirring continuously to prevent burning, then when syrup has formed, add 1/2 cup hot water after removing pan from stove. Stir, then cook again for five or ten minutes until hot water has been absorbed. Keep in a jar, as amount will make several cakes or can be used for flavoring desserts or icescreams.

SEVEN MINUTE KARO FROSTING is made by combining 2 egg whites, unbeaten with 5 tablespoons of water, 1-1/4 cups white sugar and 1-1/2 top of Karo light syrup in the red label can. Put in top of double boiler and heat with rotary egg beater until well mixed, then place on top of rapidly boiling water and cook seven minutes, stirring constantly with the rotary egg beater. FOR THE CUSTOMERS OF THE

MANILA GAS CORPORATION.

RECIPES FOR AUGUST 10, 1938.

MACGI'S MOCKTURTLE SOUP:

2 tablets MAGGI'S MOCKTURTLE SOUP

6 cups hot water

Simply crumble the soup tablets into a small bowl and form into a paste with a little of the water, then add to the rest of the water, and cook for twenty-five minutes on spare gas flame. Serve with this crisp crackers.

BONED FILLETS OF CHICKEN à la DURKEE:

3 young chickens 4 or 5 eggs
salt DURKEE'S WHITE PEPPER
DURKEE'S SALAD OIL
mushrooms

sifted dried bread crumbs
few drops DURKEE'S WORCESTERSHIRE
SAUCE
1/2 cup GOLD MEDAL FLOUR

Each chicken makes only four fillets or cutlets, so figure accordingly for the number to be served. Select young fowls, and have them dressed and chilled in the ELECTROLUX GAS REFRIGERATOR for several hours or better overnight. Remove the legs whole as shown in lesson and cut out the leg bones so that meat will be in a neat piece. With a sharp knife, remove either side of breast as shown, discarding the loose skin. Chop each cutlet lightly, then season with the DURKEE'S WORCESTERSHIRE SAUCE, salt and pepper and cover with the bread crumbs. Lay on flat dish until half an hour or so before serving time. Beat the whole eggs lightly, and dip each fillet so that it will be completely covered by the egg. Heat the DURKEE'S SALAD OIL and have enough to cover the bottom of the frying pan, then fry the cutlets carefully to a golden brown color. When all are done, take away all except three or four tablespoons of the oil in the pan and add to it the flour and cook until well blended and light brown, then form into a gravy with some of the broth made by cooking the skeleton of the chickens in water to cover, and adding one carrot, one onion and a stalk of celery for flavoring. Enough chicken broth may be made to serve four besides making gravy from bones in above recipe. Serve with hot mashed potatoes and buttered green peas or beans.

SOFTASILK JAM SCONES:

2 cups SOFTASILK CAKE FLOUR
2 tablespoons white sugar
5 tablespoons NESTLE' PREPARED MILK
1 small tin plum or quince jam
4 tablespoons shortening

2 tsp. CALUMET BAKING POWDER
1/2 tsp salt
2 eggs
1 tsp WATSONAL VANILLA
1 extra egg and some DURKEE'S CINNAMON

Sift the flour measuring. Measure again and sift with the baking powder, sugar and salt. Cut the chilled shortening into the flour with the pastry blender or two knives, working lightly and quickly. Beat the whole eggs until light, add the milk and vanilla and mix with the flour. Toss out on floured board and pat with floured hands to 1/2 inch thickness. Cut into 8 or 10 squares. Into each square put one spoonful of the jam and fold the dough over, pressing the edges. Brush tops with the extra egg, then sprinkle with the sugar and cinnamon mixture. Bake in a hot oven, 450 degrees, for 12 to 15 minutes. These are delicious served with M. J. B. Coffee made as follows:

DELICIOUS M. J. B. COFFEE:

Measure the water in a standard measuring cup, then pour into a coffee filter as shown. For each cup of water, put one tablespoon of fresh VACUUM PACKED M. J. B. coffee in the top part of the filter. Place the glass filter on top of the gas flame and let the water boil until it slowly fills the top part. Then shut off the gas flame and the coffee will drop back into the bowl. Remove top and serve with hot NESTLE' PREPARED MILK. This really is delicious coffee.

NESTLE BREADCRUMB CUSTARD PUDDING:

1 cup NESTLE' PREPARED FULL CREAM POWDERED MILK
4 egg yolks
1 cup white sugar
1 tablespoon butter

4 egg whites
2 cups dried bread crumbs
1 tsp WATSONAL VANILLA FLAVORING
Strawberry jam, optional

First prepare the NESTLE' milk by dissolving it in a bowl with the water and heating with a rotary egg beater. Heat this milk to scalding point and melt the butter in it. Pour this hot milk over the bread crumbs in a large bowl. Let the mixture cool somewhat. Beat the egg yolks with the sugar until thick and lemon colored and fold them into the custard milk mixture. Bake in a buttered glass pudding dish at 350 degrees until set, about 40 minutes. Remove from oven and spread top with the jam, then top with meringue made by beating the egg whites stiff with 2 tablespoons of sugar to each egg and a few drops of the flavoring. Return to oven to delicately brown the meringue. Serve either hot or cold.

2 cups of the rice water	1/2 cup NESTLE FULL CREAM POWDERED MILK
1 teaspoon butter	1 cup cold water
1/2 cup chopped parsley	

Wash the rice and cook until very soft. Measure the two cups of rice water and dissolve the bouillon cube in it. Dissolve the NESTLE milk in the one cup of cold water and add to the rice water and bouillon mixture and the rice and cook for twenty minutes more with the parsley and the butter. CHICKEN SALAD A LA DURKEE:

8 cups cold cooked chicken	1 cup cold diced potatoes
1 cup celery cut fine	1 tin of LIGO GREEN PEAR
1 tin LIGO STRING BEANS	1 jar of DURKEE'S MAYONNAISE or 2
1 head lettuce or	glasses of DURKEE'S SANDWICH SPREAD
carrots	
1 lb asparagus	2 or 4 hard cooked eggs
	DURKEE'S WHITE PEPPER & PAPRIKA

Cook the chicken the day before, using only enough water to cover and in the water, add one large onion, one or two carrots and a few of the celery leaves. Cook until tender, then place in the ELECTROLUX GAS REFRIGERATOR to chill thoroughly. Have all the ingredients cold. Dice the potatoes nicely, drain the canned vegetables, mix with the finely cut celery and the chicken cut into neat pieces and mix lightly with the DURKEE'S MAYONNAISE. Season to taste with extra salt and pepper and place on a round platter surrounded with lettuce or carrots. Decorate with the asparagus and hard cooked eggs. Do not use beets in chicken salad as they discolor the white meat and make it unattractive. If you desire beets, leave them on the outside for garnish only. Sliced tomatoes or tomato rings made with galantine base may be effectively. Be sure to have everything very cold and crisp. Sprinkle with the Durkee's Paprika on top.

SOFTASILK APRICOT JAM ROLL:

5 eggs	1 cup SOFTASILK CAKE FLOUR	1 tsp CALUMET BAKING POWDER
1 tsp WATSONAL VANILLA FLAVORING		1 small tin Apricot jam

Separate the eggs. Beat the whites until stiff, adding one yolk and one tablespoon of sugar until all are used. Sift the flour three times with the baking powder and a pinch of salt, then fold with spatula into the egg and sugar mixture. Add the flavoring. Pour this batter on to a shallow cake tin, greased, papered, greased and floured and baked at 300 degrees for 15 minutes only. Turn out on a clean tea cloth, dusted with powdered sugar, spread with the jam and roll up in the napkin until cool. Cut in inch slices to serve.

LIGO APRICOT AND PRUNE CAKE:

2 tablespoons butter	1 cup brown sugar	1 tin LIGO APRICOTS
18 cooked prunes	1 tsp CALUMET BAKING POWDER	pinch of salt
1-1/2 cups SOFTASILK	4 tablespoons cold water	
4 eggs	1 cup white sugar	1 tsp WATSONAL VANILLA

Use an iron skillet or a heavy aluminum cake mould. Heat the butter in it, then melt the brown sugar and arrange the apricots and pitted prunes in nest design on the butter sugar mixture. Remove from the gas range. Sift the flour with the baking powder and the salt. Separate the eggs. Beat the whites stiff, then put in one yolk at a time and one spoon of sugar until all are used. Fold in the sifted flour alternately with the cold water, then add the flavoring. Pour this batter on top of the fruit and bake at 375 degrees in a MAGIC CHEP GAS OVEN for 30 to 40 minutes. Invert on a round plate and serve with NESTLE WHIPPING CREAM chilled for several hours in the Electrolux.

USE KARO SYRUP AS A DAILY SPREAD FOR SPREAD AND HOT CAKES. Also on fruit fritters or anywhere a syrup is required. KARO IS IDEAL FOR MIXING WITH BABY'S MILK.

1 doz. or more large boiled shrimp 3 hard cooked eggs
lettuce for garnish 1 glass of DURKEE'S SANDWICH SPREAD

Boil the fresh shrimp in salted water until they turn color, then remove immediately from the water. Remove the heads and peel them, but leave the tails on. Split them as shown and arrange on the shredded lettuce on a round platter. Chop the hard cooked eggs and combine with the DURKEE'S SANDWICH SPREAD and place this sauce in a small bowl in center of the platter, surrounded by the shrimp as shown. Serve as an entree. If used for fish, have the fish cold, then cover with the sauce, or serve separately in bowl. Some like finely minced onion combined with the sauce.

SOFTASILK BIRTHDAY CAKE Special request:

1/2 cup butter	1/2 cup shortening	1-1/2 cups white sugar
8 egg yolks	2 tsp NESTLE FULL CREAM POWDERED MILK dissolved in	
pinch of salt	1/2 cup cold water	1 tsp WATSONAL VANILLA
2-1/2 cups SOFTASILK CAKE FLOUR	2 teaspoons CALUMET BAKING POWDER	

Cream the butter, shortening and the sugar, adding the latter by spoonfuls until mixture is light. Use only the egg yolks, beating them until thick and lemon colored, then add to the butter and sugar mixture. Sift the flour three times with the baking powder and the salt, then fold in with spatula, alternately with the Nestle' milk. Add the flavoring last. Bake in a greased and papered heart shaped tin at 375 degrees for 40 minutes in a MAGIC CHEF HEAT REGULATED OVEN. When done, cool and frost with boiled or KARO SEVEN MINUTE ICING made as follows:

KARO SEVEN MINUTE ICING:

3 egg whites unbeaten 1-1/2 cups white sugar 3 tsp cold water
1-1/2 cup KARO RED LABEL SYRUP 1 tsp WATSONAL VANILLA
WATSONAL STRAWBERRY RED COLORING

Put the egg whites, sugar, water and KARO SYRUP in upper part of the double boiler and beat with rotary egg beater until well mixed. Now place over rapidly boiling water. Beat constantly with the egg beater which will cause the icing to rise and fill the boiler. Cook for seven minutes or until the icing stands in peaks. Remove from gas flame and add the flavoring and tint with the WATSONAL RED COLORING UNTIL desired shade is reached. Be careful to keep tint delicate. Spread over the cake neatly.

FOR DECORATIVE FROSTING:

3 egg whites 1 package of powdered sugar or more, sifted to remove lumps
2 tablespoons lemon juice WATSONAL GREEN COLORING for leaves
WATSONAL RED for flowers

Beat the egg whites, then put in one cup of the sugar at a time, add a little of the lemon juice and sugar alternately until the icing is of the right consistency. If it is too soft, the flowers will not shape right. If too stiff, it will not be easy to work with. A little practice is necessary to determine the stage. Use the different Ateco decorator points as shown in lesson.
